ERG Semantic Documentation (ESD) Focus Group

Emily M. Bender, Dan Flickinger, Stephan Oepen

2018 DELPH-IN Summit
Paris
19 June 2018

ESD Pages: http://moin.delph-in.net/ErgSemantics/

- Goal: Documentation of the semantic representations produced by the ERG ('ERSs')

  - High-Level Characterization

  - Semi-Formal and Terminological Basics

  - High-Level Linguistic Design Decisions

  - Inventory of Individual Phenomena

- Seeking feedback from (prospective) users of this documentation

Experience reports

- Who has gone to the ESD pages?

- What were you looking for?

- Did you find it?

- What other resources have you used to answer the questions that led you to the ESD pages?

Exploration time

- With the person sitting next to you, look through the ESD pages and prepare to report back:

    - Something you learned that you were interested in

    - Something you feel is missing / wanted to find but couldn't

    - Something that surprised you

Top-level indexing

- Current phenomenon inventory is low-level and grammar-bound

- What would you like to see instead?
