

Site report: Cambridge DELPH-IN activities

Ann Copestake

Natural Language and Information Processing Group
Computer Laboratory
University of Cambridge

July 2019

DELPH-IN related Cambridge activities

- Guy Emerson (local organiser): now JRF (more in various sessions).
- Ewa Muszyńska: finishing PhD on 'chunking' using (D)MRS as guide to semantic coherence.
- Alex Kuhnle: finishing PhD on evaluation methodology for deep learning (more tomorrow).
- Paula Czarnowska: part way through PhD on morphology using deep learning techniques.
- Huiyuan Xie: started PhD on captioning (partly building on Alex's work, more tomorrow).
- Ann Copestake : head of department and therefore useless.
